Any unforeseen incident not covered by the following Rules shall be dealt with in accordance with the WTBA Playing Rules.

1. Eligibility –4.9.5

Only nationals of the country of the member federation submitting the entry are eligible to represent that federation in the Asian School Tenpin Bowling Championships and shall be certified for the competition by the respective national federation holding current paid up membership in the FIQ, WTBA and in Asian Bowling Federation.

The players must be 18 years of age and below (born on January 1, 1995 or after). Kindly note that the age eligibility follows the year 2013 as the championships has been postponed from 2013 to 2014.

2. Number of Players

Each federation is allowed to submit a maximum of 2 Boys' teams and 2 Girls' teams. Each participating team shall include no more than 4 players. The players of each team shall be nominated prior to the start of the Official Practice.

3. Practice – Rule 5.4

Minimum one day of Official Practice must be provided immediately prior to the start of the Singles. One hour practice is required for each federation. However, if the competition lanes are not available for unofficial practice immediately prior to the Official Practice, two days of Official Practice will be required with two hours for each federation the first day and one hour for each federation the second day.

After the lanes have been prepared and the Official Practice concluded, no play whatsoever by the participants of the championships shall be allowed on the competition lanes during the entire duration, except the championships proper. This will not preclude efforts (e.g. exhibition) to promote bowling before, after or in between events.

However, this does not allow any play by participants on the competition lanes after the last event of the day when the bowling centre is available to the public for open bowling. Violators are subject to disqualification.

In Singles, Doubles and Masters competition 10 minutes practice time will be allowed. For Four-player Team, 15 minutes practice time will be allowed.

4. Lane Assignment – Rule 5.3

In due time before the start of the championships, the Tournament Director will decide the number of squads for each event and the number of lanes to be used in each squad.

Lane assignments shall be determined by lot for Singles, Doubles and Team, and subject to special pre-arranged schedule requirements for Masters round robin and the position round. For Singles and Doubles, once competition is under way, the number of players scheduled on a pair of lanes must be consistent throughout the tournament.

Verification of the number of players from each participating federation and spelling of their names must be done latest in conjunction with the Pre-Tournament Meeting. No change will be permitted thereafter.

5. **Player's Area – Rule 5.5**

The Tournament Manager, using methods of identification, which are obvious to spectators, shall define the players' area.

Only one coach or official from any federation will be permitted in the players' area in the immediate vicinity of each pair of lanes on which their players are competing. A player may have no more than four bowling balls in the players' area. *(This is not specified in the WTBA playing rule)*

It is not permissible to bring in or consume food in the players' area. This does not include candy bars or fruit.

6. **Events**

The Boys and Girls shall compete in separate divisions but the scheduled events shall be the same for both as follows:

d) All Events

Maximum 4 players per team for each federation.

Standing to be decided based on a total of the 18 games in the foregoing 3 events (Singles, Doubles and 4-player Team)

e) Masters Final

Masters Final shall be a round robin competition between the top 16 players based on their 18 qualifying games. All qualifying pinfalls are dropped. One game match will be played. A final match will be played as a position round, making a total of 16 matches.

These 16 matches shall be bowled over two days, eight on the first day and eight on the second day according to a prearranged schedule. However, because of time constraints and following approval by the ABF Executive Committee these 16 matches may be bowled over one day.

Players failing to qualify for the Masters Final shall fill vacancies, which may exist as the start of the Master Finals.

Position numbers for the pre-arranged schedule are decided by draw. (Players from the same federation will be scheduled to bowl against each other within the first 8 games to the extent that is possible.) However, the Technical Committee will select position numbers for players from the same federation to ensure such players will compete against each other within the first 8 games

Standings shall be based on total pinfall from each of the matches together with a bonus of 10 pins for each match won, including the position round. Each player shall receive a bonus of five for a tie. When a finalist has not registered in person for the first 8-game block prior to the time specified in the schedule a vacancy shall be declared. Such vacancy or vacancies shall be filled from the non-qualifiers available at that time and in the order of finish in the qualifying competition. In case of a tie between two or more available non-qualifiers, the selection will be by draw.

A finalist, who withdraws for any reason after the finals have begun or fails to register in person for the second block of games prior to the specific time, shall be replaced immediately by a pacer. When a pacer is used, all players who play a pacer or have played with the player replaced shall be given a bonus of 10 pins.

1. 2nd position player and 3rd position player will bowl a one game match starting from scratch.
2. The winner will bowl a one-game match with the 1st position player starting from scratch. Should the 1st position player win this match, he will be declared the Champion. If the 2nd position player wins, there will be another one game match starting from scratch to determine the Champion.

1. If the dispute is over whether the player fouled, the player shall complete the frame and then bowl one provisional ball at a full setup of pins
2. If the dispute involves alleged illegal pin fall, the player shall complete the frame and then bowl one provisional ball at the setup that would have remained standing had the disputed pin(s) not fallen
3. If the dispute is over whether a dead ball should have been declared, the player shall complete the frame and then bowl a complete provisional frame.

When a dispute occurs on a spare attempt, or on the third delivery in the tenth frame, no provisional ball is necessary unless the dispute is over whether a dead ball should have been declared. In that case a provisional ball shall be bowled at the same setup, which was standing when the disputed ball was bowled.
