

## BALL CHECK SCHEDULE

This Schedule shall provide sufficient time frames in order to carry out the necessary ball checks for all federations, but its success depends on the acceptance by the players and delegations.

May we kindly ask you

- to show up 10 minutes before the time schedule here  
the ball check area will be located on level 3 in Dream-Bowl Palace next to the ball park
- to **bring your Forms G with you** (white fields filled in)  
additional Forms G will be available at the ball park entrance at any time
- to wait until the ball check has been completed for your whole team as **pictures of all delegation members will be taken** for your tournament passports and for a press pool immediately after your ball check has been carried out.

August 12th - 21st  
**2010 Germany**  
Munich/Unterföhring

Please understand that missing your ball check time frame will mean that a new time frame will be arranged at the disposal of the ball check team only. **You will not be able to have your balls checked when showing up outside of your time frame without prior notice given by the organization committee.**

You may have an unlimited number of balls checked. However, all players stating more than six balls in Form G must decide immediately after your official practice squad which of the balls (maximum six) shall be used in competition. It is **your responsibility** to provide this information. Not submitting any information within 30 minutes after the end of your official practice squad will mean that the first six balls stated on your Form G will be the balls to be used in the competition.
